The fighting game spinoff to the legendary Persona 4 RPG has already, itself, become an instant classic. Now, this spectacular art book collects the artwork behind the landmark title, including character designs, rough sketches, storyboards, and pin-ups. All this, plus character profiles, story summaries, creator interviews, and more! | File size: 26.Mb

Atlus : Persona 4 Arena: Official Design Works before purchasing it in order to gage whether or not it would be worth my time, and all praised Persona 4 Arena: Official Design Works:

0 of 0 people found the following review helpful. I've really enjoyed Shigenori Soejima's art since seeing it in Persona 3By Brian Z.I've really enjoyed Shigenori Soejima's art since seeing it in Persona 3, and it has only improved since

then. This book in particular is great because it gives insight to the fighter game making process. With input from both Atlus and Arc System Works, you get an inside look to how Arc Systems took characters created by Atlus and put them in this new setting. There's tidbits about why certain characters got the skills and spells they did, and even notes on why the idle animations are how they are. You get sketches of the frames for each character when they perform skills, as well as their personas. My one gripe is that I was expecting more traditional character design sheets as opposed to sprite concepts. But since I was pleasantly surprised by the in depth look at making the game, this was a small complaint at best. 0 of 0 people found the following review helpful. 6 out of 5 stars! Best video game art book I own. By Kaznasty. Of all the video game art and design books I own (30+), this is by far my favorite. Sure, the art is fantastic, but the applicable details such as animation timings and full character perspectives are beyond what other books publish. For the Persona fan, aspiring animator or game designer, or avid collector, I HIGHLY recommend this book! 0 of 0 people found the following review helpful. A great collection of Promotional Artwork. By Aimee May Ferenczi. A great collection of Promotional Artwork, Concept Designs, Interviews, and Explanations for various things within Persona 4 Arena. Any fan of Persona 4 Arena and Artwork will likely love this book.
