**Atlus : Persona 4: Official Design Works** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Persona 4: Official Design Works:

6 of 6 people found the following review helpful. Interesting. By Brandon This is kind of a collector's item; as in I wouldn't suggest a casual fan to buy this. If you're a hardcore fan who loves the characters and the game company then by all means, go ahead and buy it. It was wonderful, packed with amazing artwork. The concept designs were interesting to look at the little side note the artist would leave were kind of funny. After reading the interview with the artist I felt like I had a better understanding of the game and all the artwork. Plus, after reading this whole book I found myself taking a liking to this artist and I will follow more of his work closely. 3 of 3 people found the following review helpful. Fantastic for P4 Fans By Customer I absolutely love Persona 4 and was so happy to receive this. The book is

large, the images and text are very clear. I love Soejima's art, so this was absolutely wonderful to look through. I really enjoyed the concept sketches and explanations from the artist behind the design reasonings for the characters and their personas. If you're on the fence about this, just go ahead and get it, you'll be really pleased! 1 of 1 people found the following review helpful. Great artbook! By Luis Manzano Great book to have. You'll have a good time reading character profiles and notes. It will make you appreciate the hard work behind the game. Did you know that the glasses were not really supposed to be part of the game?

Featuring the character designs of Shigenori Soejima! Go behind the scenes of Persona 4, the final game of the landmark Persona series! Inside you'll find character designs, rough sketches, backgrounds and settings, an exclusive interview with the game's creators, and more!
