Peter Lindbergh : Peter Lindbergh: Selected Work 1996-1998 before purchasing it in order to gage whether or not it would be worth my time, and all praised Peter Lindbergh: Selected Work 1996-1998:

0 of 0 people found the following review helpful. Great small bookBy I. A. de PetrovskyGreat book - exactly what I was looking for: a small volume of great shots by Lindbergh15 of 17 people found the following review helpful. DisappointedBy Auria NorthwestYou think this book is such a small format? Wait until you see the inside of it. The actual photos of each page are only 4x6. For some strange reason there are these thick black borders on every single page. The photos are not impressive, either. They are not the best works of Peter Lindbergh. The hardcover edition of this book is not better, only heavier, thicker with bigger black borders of 3 inches wide on each page. What a waste! I would not recommend this book to anyone. As a matter of fact, I regret that ever bought this one.

This luxury volume is a beautiful and moving visual record of the ancient traditions that form the cornerstones of Jewish existence. Full-page images of precious religious artefacts such as the Holy Ark and the Sabbath candlesticks, but also holy sites including synagogues and the Mount of Olives, accompany a thought-provoking text by Rabbi Marc-Alain Ouaknin. He provides answers to many fundamental questions about the traditions of Judaism, discussing not only their origins and application today, but also religious holidays and feasts according to the Jewish calendar.

"These classics represent the range and richness of the century when photography took its place among the finest of fine arts."
