Dorothy Hammond : Pict. PG American Antiques (Pictorial Price Guide to American Antiques) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pict. PG American Antiques (Pictorial Price Guide to American Antiques):

4 of 4 people found the following review helpful. The best price guide series available.By Jonathan RickardDorothy Hammond's series is of more use to serious antique collectors than other price guides because the items illustrated are identified as having been sold for the price given by auction or by dealer, the date of the sale, and the location of the sale. The information is timely and accurate. Items that I sold at auction in 2001 are illustrated here accurately. In other price guides, I've seen items that I can specifically identify as having been sold seven or eight years earlier listed

with the old prices. In a rapidly changing market, that kind of misinformation can be costly.

Provides a comprehensive price guide to American antiques and objects made for the American market.
