Fred Wilson : Picture History of Chess before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture History of Chess:

2 of 2 people found the following review helpful. A first-rate comprehensive photo-history of the royal gameBy Knight HawkThis classic photo-history offers up hundreds of photos of all the great players along with many outstanding adversaries who helped fashion the immortals. Excellent captions throughout. Hours of fascinating reading and a book I return to again and again. Many of these photos are quite old and hard to find, but collected here under one cover, in an oversized (10x12") format, printed on high-quality glossy paper. It's getting hard to find nice copies of this old sewn Dover publication. Grab it if you can.0 of 0 people found the following review helpful. Five StarsBy cwcarlson@msn.comOutstanding!2 of 2 people found the following review helpful. Great ValueBy Jim EoffOne of my favorites, and a bargain price. I sought it out and bought this second copy as my original is either lost or buried in storage.

Shelf wear, creasing to cover. Pages are clean and binding is tight.
