A Fantastic Book About Topps Planet of the Apes Trading CardsBy will5967Planet of the Apes: The Original Topps Trading Card Series is an exceptionally well conceived and beautifully designed book, but as a die-hard fan of the original Planet of the Apes films and TV series, I seriously lost interest when the author began coverage of the 2001 Tim Burton "re-imagined" film.Ironically enough, however, the cards produced for the much maligned (and deservedly so) Burton directed debacle are by far the most impressive in terms of design, image quality, writing, and overall attention to detail. Go figure.Naturally, being much more partial to the classic original Apes series, the cover image of the wax pack wrapper art for the 1974 Planet of the Apes TV series

is definitely what sold this volume for me, and although I would not say that I regret the purchase, I would have been just as happy (actually... much happier) to have paid the same price for the book if it didn't include the 2001 card series!0 of 0 people found the following review helpful. Card Collection in a BookBy CustomerWhy buy the cards when you can see them all in one handy book, great collection of vintage and more modern cards, no need to worry about gum stains or the cards getting damaged. Great way to relive your childhood Non-Sports collections. I wish some of the other companies would put out their vintage cards in this format.0 of 0 people found the following review helpful. In 1969, Topps released a set of trading cards based on the classic 1968 science-fiction film Planet of the Apes. The original set of trading cards proved so successful that Topps released a set based on the 1975 television series and the 2001 reboot film by Tim Burton. This deluxe collection includes the fronts and backs of all 44 cards from the original 1969 Topps set based on the original film; all 66 cards based on the 1975 television series; and all 90 base cards, 10 sticker cards, and 44 chase cards from the 2001 film. Also included are four exclusive bonus trading cards, rare promotional images, and an introduction and commentary by Gary Gerani, editor of hundreds of trading card series for Toppsall packaged in time for the release of the latest installment in the franchise, War for the Planet of the Apes.
