**Terence Reese : Play These Hands with Me** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Play These Hands with Me:

0 of 0 people found the following review helpful. Five Stars By Customer good quality 3 of 4 people found the following review helpful. Watch and Learn By Chuck M This is a great book written by one of the best Contract bridge players and writers of all time! I think you will learn more by following Reese's reasoning on the 60 deals than you would from a similar number of computerized deals from Larry Cohen or Mike Lawrence. I purchased this book, new,

at .com.10 of 10 people found the following review helpful. Dazzling, delightfulBy CustomerIt's a shame Play Bridge with Reese and this book are out of print because they're classics. Some books give you rules and group hands into topics and chapters. These are different. You pick up a bridge hand with the late, great Terrence Reese, and follow his thoughts and choices through the bidding. When the bidding is over, the opponents lead, dummy comes down and you follow his thinking through the play of the hand as he develops a plan and builds up a picture of the hidden hands card by card. The method is simple but the results are dazzling, entertaining and instructive. Play Bridge with Mike Lawrence and Play a Swiss Team of Four with Mike Lawrence use a similar style - also wonderfully done - but Play Bridge with Reese is probably the best of the four.

Terence Reese reveals exactly what counts in card play and defence, and shows the reader how to join the ranks of the experts.

About the AuthorTerence Reese is recognised as the greatest ever writer on the game of bridge with almost 100 books to his credit. Several of his books are landmarks in the development and understanding of bridge.
