**Noel Greig : Playwriting: A Practical Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Playwriting: A Practical Guide:

Playwriting offers a practical guide to the creation of text for live performance. It contains a wealth of exercises for

amateur and professional playwrights. Usable in a range of contexts, the book works as: a step-by-step guide to the creation of an individual play a handy resource for a teacher or workshop leader a stimulus for the group-devised play. The result of Nol Greig's thirty years' experience as a playwright, actor, director and teacher, *Playwriting* is the ideal handbook for anyone who engages with playwriting and is ultimately concerned with creating a story and bringing it to life on the stage.

'A testament to the burgeoning of creative writing ... a clarion celebration of dramatic writing ... The next generation of theatre practitioners will emerge having used these techniques as their dramatic primer.' - STP 25  
'As good as a masterclass ... you want to write plays? You need this book.' - Writers Forum
