Same logic concept except you can progress further into the puzzle before realizing something is wrong. I can work most Sudoku in pen. I usually prefer to work Hidato puzzles in pencil with an eraser nearby. I find them a little

more challenging. I love the "Pocket Posh" books because they fit nicely into my purse and I can carry them until I'm through with them. They are a good size.0 of 0 people found the following review helpful. Another great puzzle book!By natalieAnother great little puzzle from pocket posh! The white parts on this cover are fuzzy material which adds a little twist. The hidato puzzles are great, ranging from easy to hard. Perfect size for a small clutch or purse!2 of 2 people found the following review helpful. Portable and PrettyBy CatThe Pocket Posh is really pretty and fits nicely into most handbags. I love being able to do Hidato while waiting for an appointment or at a delayed rehearsal, etc. Hating to wait without being occupied, the Pocket Posh is perfect for me. And, just in case you are wondering the puzzles are as challenging as the full size book puzzles.
