She has gone so far as to write continuation novels and modern day versions. So, I am always looking for something Austen to give her.She loves the little book and loves the puzzles. BUT, she mentioned that many of the puzzles are not related to Jane Austen. The quizzes are all Jane Austen,

but the puzzles aren't. She still enjoys it, but in truth it is not all about Jane Austen. Just be aware of what you are purchasing. The little book is well put together and is easily of a size that you can stick in a purse, a briefcase or an overnight bag. It will bring plenty of delight to puzzle people and Jane Austen fans alike. 4 of 4 people found the following review helpful. Not all puzzles are about Jane Austen. By AnaBH This is really a very nice book of puzzles and such, the only reason I am not giving it another star is that the crossword puzzles do not refer to Jane Austen works! Many puzzles and quizzes do, but buyer beware that not all do. If this doesn't matter to you, then it's perfect! Just take a "look inside" and see what I mean. 7 of 7 people found the following review helpful. Birthday Gift for an Austen Fan, My Sister. By Hannah I purchased this little book on a whim for my sister's birthday. We were doing an Austen theme and I thought this would fit right in. She loves it! It's small enough she carries it around in her purse. She wanted to do it all in pencil, so she can erase it and do the puzzles over and over again. Great little gift for any Jane Austen fan
