love these little pocket puzzle books - they look cute and are the perfect format for in your purse. I have them with me
all the time during my travel - doing a quick puzzle while waiting in the airport. Different levels have different
challenges.0 of 0 people found the following review helpful. Quality paper. Moderate difficulty.By Diane

AlgebraLove it. Will buy it again. Good quality paper, so good that I erased and did the book twice. Not extremely hard but challenging enough. The frequent single cells make it easy to get started. Mostly 2 or 3 size cells. To increase the challenge I attempt to solve without a calculator or sum tables. Good waiting room book. Would like grid just slightly larger. 0 of 0 people found the following review helpful. SudokuBy CustomerI love killer sudoku. I hope they make more of these in the future. It's a good way to keep my mind occupied when I'm stuck waiting.
