The Puzzle Society : Pocket Posh Logic: 100 Puzzles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pocket Posh Logic: 100 Puzzles:

24 of 24 people found the following review helpful. Another Great Puzzle Book! By Katie I purchased both the Pocket Posh Logic 1 and Pocket Posh Logic 2 puzzle books to take with me on vacation, and they are great! Here's what I love about them: 1. They are extremely well made. They use a relatively high paper stock (unlike many other puzzle books that use cheap paper), and they even have a hard cover, making it easy to work on the puzzles regardless of where you are (you don't need a table or other hard surface). 2. The puzzles are just right in terms of difficulty - they aren't so hard

as to be impossible to solve, but they can't be finished in 2 minutes either.³ They not only provide the answers in the back, but also a "listing" of what info. you should have gotten from each clue - so if you are stuck, you can see where you went astray.⁴ The cover designs are beautiful and include a stretchy cord to keep the books closed when you're not using them.⁵ Their size - they are small enough to keep in your purse or car console, yet I was still able to read the writing without an issue. Overall, I would highly recommend the Pocket Posh Logic Puzzle books to anyone who enjoys stretching their mind! 13 of 13 people found the following review helpful. Good Puzzles By Raquin The Pocket Posh Logic series is really the only one I have found that is consistently JUST logic grid puzzles (if anyone knows of any others aside from Puzzle Baron, let me know!). There are no other types of puzzles, just logic grid puzzles. The puzzles are moderately challenging, you will definitely be stumped at some points. The books are tiny (about three inches by five inches) which was a huge turnoff for me at first, but it really works out. The book is small enough to go anywhere. The pages are really thick, which is good for people who have to erase a lot. Highly recommend, just wish they would make more. 0 of 0 people found the following review helpful. I like this puzzle book By Donna R. I like this puzzle book, but there were several logic puzzles that did not give enough information to complete the puzzle; the answers in the back of the book for those puzzles did not help. It was frustrating because I am a perfectionist and like to complete every puzzle on my own. I also bought Pocket Posh Logic #7 and like it much better...so far, all the puzzles I have tackled have given enough information for me to solve them.

This sophisticated and feminine puzzle book is small in size but big on fun and style. Pocket Posh Sudoku 3 has 100 fun puzzles. The cover features an irresistibly tactile design. It is the perfect accessories and go with everything. It is the perfect take-along; plus, this little gem slips nicely into either a purse or pocket. Fun and smart. What's not to love? * Pretty, smart. The slim design of this popular puzzle book makes it the go-to puzzle book for energetic girls. * Puzzles are a smart form of exercise. According to the American Society on Aging, 84 percent of people polled spend time daily in activities such as puzzle solving. While there isn't conclusive evidence that doing puzzles increases brain function, it certainly can't hurt!

About the Author The Puzzle Society is the Web's premier source for challenging, professionally constructed puzzles and games. Updated daily and boasting a gaming archive of more than 8,000 puzzles, The Puzzle Society offers more than 70 nationally syndicated puzzles, including the Washington Post Crossword, Los Angeles Times Crossword, Universal Crossword, Universal Jigsaw, and Daily Jumble.
