Was expecting a bit more of a challenge - or at least a few tough ones at the end (but alas, those were easy too).My husband picked this up, having never done a logic puzzle before, and was able to easily do many of these.0 of 0 people found the following review helpful. Brain food.By Gretchen TwedtThese little logic books are lots of fun. The first half is a bit on the easy side, but they are great for a quick work break.0 of 0 people found the following review helpful. Very niceBy
