This book is broken down into a few sections: Anime, TCG, DDM Video Games. Anime - BAZ from TVTome does about 10 pages of character bios, and 20 pages on the anime storylines so far. Including a glimpse at things to come. Trading Card Game - The bulk of the book. There are Top 10 Lists from all the sets (2 pages on each set). Then Decks to Beat by some of the best players in the world, and a lot of strategy articles and puzzles. Dungeon Dice Monsters - Never played it, but there's an article on it. Video Games - Pojo dedicates 1/2 page to every YuGiOh Video Game, and reviews them all. There's more than a

dozen games, so its a decent section.Overall, for about \$10, this is well worth your money. About the same price as Beckett's YuGiOh magazine, but bigger and way better.4 of 4 people found the following review helpful. yumi yugyBy O. Great bookBy AmberThis book is great because it has all the characters in it and it helps you make different decks.4 stars.

From the perspective of duelists in the competitive gaming world, this guide to Yu-Gi-Oh! is the ultimate source for both the show and the trading card game. The detailed resource includes biographies of all major characters, summaries of the shows from both the U.S. and Japanese airings, and even reviews the first Yu-Gi-Oh! movie.
