By MikeAs a guide, this book has everything you need! It's well organized and constructed. It's thorough and covers everything in the game. It explains everything you may have any questions on. It lists what pokemon appear where. It shows all hidden items. It explains all abilities. Not to mention it's in a beautiful hardcover and is individually numbered, being a collector's edition and all. You also get an interview with the creator of the series, a poster, and exclusive artwork. This is the quintessential strategy guide especially for Pokemon. Highly highly recommended.

By AaronThe walkthrough is very, VERY plain. I found 5 items within an our that are not even listed on the maps AND said maps don't even tell you what item icon is what item on the map. The "Pokedex" is terrible too. BARELY any information is given on each pokemon other than the general area where they may be found. Move lists are not present as to what pokemon learns what move at what level, not even basic evolution levels are listed for any pokemon other than for ones that can't be caught, which apparently is very, very few. \$20 book at best and only because it is hardback.....

By IcyParksThis guide has everything you need to beat the game and explore every part of Unova!  
Pros-Step-by-step guide to completing the entire game and capturing all the legendaries, even far beyond the elite 4  
Maps for every part of the game  
Tells you how to finish the Unova Pokedex (what routes pokemon are on)  
Guides on how to beat every Gym leader, Boss, Elite 4 and Champion, even Pokemon World Tournament leaders (weaknesses and more)  
A nice small poster with Unova and a weakness-resistance chart on the back  
Breeding guide with egg groups and explains egg moves, etc.  
How to complete Pokestar studios  
Amazing artwork of all the characters  
Explains natures of Pokemon  
Cons-Some items were left off the maps, so make sure to keep your dowsing machine on just in case.  
Great guide, and I would recommend this to everyone who hasn't completed the full game yet or has just purchased it.

A complete walkthrough of the games, including all the new Gyms, Trainers, challenges, and even the post-game surprises! Tips and tricks for evolving your Pokmon, so you can get the most from your Pokmon at every level! A guide to becoming a star at the Pokstar Studios and winning at the Pokmon World Tournament! All the info you need to master the Medal Rally and to catch all of the Pokmon to complete your Pokdex! Hints and special information to help you find hidden items, with a location index! Matchup strategies to help you beat the toughest quartet of Trainers in the game, the Elite Four!

A Timeless Pokmon Adventure Continues with Loads of New Features! Return to the captivating Unova region two years after the events of the original Pokmon Black Version and Pokmon White Version games - the first time in the core Pokmon game series that a storyline has continued from one game to another. In the Pokmon Black Version 2 and Pokmon White Version 2 games, players can explore new areas, discover gyms with new leaders and see how everything has changed in the last two years. Players must take on the role of a Pokmon Trainer in the Unova region. As they work to unravel the mystery behind Black Kyurem and White Kyurem, they'll need to face down opponents such as Gym Leaders and other Pokmon Trainers. The Unova region has changed and grown in the two years since the original Pokmon Black Version and Pokmon White Version games. The first areas players travel through are completely new, and some characters from the previous games have grown and moved into different roles.
