Worth the waitBy KyleI remember seeing this book in a Kay-Bee Toys about 11 years ago. I wanted it but bought Grand Theft Auto instead. I finally got this not too long ago and happy memories came back to me. But about the book, I thought there was more to it when I saw it before, like more pre-built decks and better descriptions for single-card strategy, but still a good read. Helpful for me, even nowadays. Very pleased.0 of 0 people found the
