WunschThis is a nice book for fans of Donna Loren , fans of 60s pop music, TV, Movies. As a child of the late 60s , I have always loved Donna ,she was so cute in SHINDIG , THE MONKEES BATMAN , her many other roles including the Beach movies etc. There are some great photos all thru this wonderful book , the only thing I would have changed is I would of liked the book to be bigger in size , with more photos a page or two on Donna,s memories on each of the MONKEES , BOBBY SHERMAN ADAM WEST. I must add that Bobby

Sherman done the forward which is great. Maybe the beautiful Donna will do a second follow up book ? If you are a fan , you can-not miss this book.2 of 2 people found the following review helpful. The never before seen photography is wonderful and arranged perfectly throughout the bookBy Dennis DeDeckerI received the book over the week-end and couldn't put it down until I had read every word. Donna, as in everything she does, has created a masterpiece. The never before seen photography is wonderful and arranged perfected throughout the book. Her narrative and captions are eloquent and classy. Donna I'm sure has given a large amount of time and attention to detail in telling her story and giving us insight into the music of the '60's.1 of 1 people found the following review helpful. A Perfect 60s PerspectiveBy Carrie SwingSo many great photos that perfectly capture an era. What really moved me is opening by Ms. Lauren about her life in show business as a teen and young woman. She really connects with the audience, and then the wonderfully curated photos and notes tell the story completely.

Pop Sixties: Dick Clark, Beach Party, and Photographs from the Donna Loren Archive is the photographic retrospective of a 1960s "It Girl." Featuring narrative by Loren herself and the help of longtime Los Angeles archivist Domenic Priore, Donna Loren looks at her work on television's Shindig! and Dick Clark's Caravan of Stars tour (including images of The Supremes, James Brown, Jerry Lee Lewis, and many more), plus behind-the-scenes on the sets of Batman, The Monkees, and all the American International beach movies. At a time when The Beach Boys and Beach Blanket Bingo were on top, Donna Loren was the iconic California Girl.

"I found Donna to be fresh and spiritually in tune with what was going on in the pop music world."Jack Good, producer of Shindig!
