From Hal Leonard : Pop The Question 50's and 60's (The Game Series) (The Game Series) (The Game Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pop The Question 50's and 60's (The Game Series) (The Game Series) (The Game Series):

0 of 0 people found the following review helpful. Fun Game Questions!By The Original Vince CarterI'm creating a "live" trivia game show as an entertainer and purchased this as reference material. It has some great questions - BUT it was produced in the U.K. and asks some questions that the rest of us would not know if you're a Yankee. By the price, it appears to be turning into a collector's item.0 of 0 people found the following review helpful. Simplicity of this game is both an asset and a limitationBy loce_the_wizardPop the Question Rock is essentially a portable takeoff on the Trivial Pursuit games that allows you to play without being tethered to a game board. There are 100 cards in the box featuring a series of six clues about the identify of rock bands or musicians from Chuck Berry up to the present. The harder clues start the list and the more obvious ones are revealed in succession. The first player to figure out the right answer gets to keep that card, and the player with the most cards wins. There is no limit on the number of turns beyond

the number of cards in the deck, and two or more players can test their skills in this friendly competition. The simplicity of this game is both an asset and a limitation. For example, this game is fun on a long car trip or sitting around a hotel room. But, the down side, is that after you have played it two or three times, you have essentially exhausted its challenge as everyone will have heard all the clues and answers.

The Ultimate Pop Trivia Quiz Card Game! Guess the identity of the solo artist or band from a series of clues on the cards. 100 world famous artists including a photograph of each and every artist.
