From Brand: Popular Press 3 : Popular Culture: An Introductory Text before purchasing it in order to gauge whether or not it would be worth my time, and all praised Popular Culture: An Introductory Text:

1 of 1 people found the following review helpful. It's just okBy emgreenI got this for a popular culture class and it is one of my least favorite books I have ever been assigned to read. The only reason I gave it 3 stars is because it does have some good material, but the long run on sentences make me not want to read it at all. This book really is annoying to read. I either highlight or take notes while I am reading and I stopped taking notes on this book because I felt like I had to rewrite the book!0 of 0 people found the following review helpful. AmazingBy Jordyn MOrdered it,

brand new book,absolutely fantastic.0 of 0 people found the following review helpful. GreatBy EmmyCame in great condition and relatively fast. Needed for a college class I was taking so it fit for that class.

Popular Culture: An Introductory Text provides the means for a new examination of the different faces of the American character in both its historical and contemporary identities. The text is highlighted by a series of extensive introductions to various categories of popular culture and by essays that demonstrate how the methods discussed in the introductions can be applied. This volume is an exciting beginning for the study of the materials of everyday life that define our culture and confirm our individual senses of identity.
