Kid Poker DeliversBy Brendan RyanThis is a solid overview of the small ball approach along with some other great niche strategies (like online play, cash games etc.). A great book for players looking to add a new element to their game!!!By CustomerSome of the pro

sections were just ok, but Daniel's was great, and very detailed. It's a new type of strategy compared to the old tight-aggressive, big-bet poker style. A great book for players looking to add a new element to their game. 1 of 1 people found the following review helpful. Comiskey Jr. This is a compilation of several professional poker players thoughts on how to play the game under various situations.
