whether or not it would be worth my time, and all praised *Practical Ventriloquism - Being a Thoroughly Reliable Guide to the Art of Voice Throwing and Vocal Mimicry by an Entirely Novel System of Graded Exercises*:

0 of 0 people found the following review helpful. A Product of Its Time By Dennis Murphy It's not a thoroughly reliable guide as the author is, I suspect, deliberately vague about the techniques required. But it's a great read as an example of its time. Quite humourous if you read it for the insights into the attitudes and mentalities of performers of that era.

This fascinating book offers an in-depth guide to the art of ventriloquism, and will prove to be an invaluable addition to the bookshelf of anyone with a desire to learn this entertaining skill. The content is split into three manageable parts, to move on to as you improve, and each is split into many more comprehensive chapters. Contents include: How to Become a Ventriloquist; Voice Throwing 'Above to Level'; Near Ventriloquism; Ventriloquial Vocabulary; Vocal Mimicry; Bluebottle; Musical Instruments. Please be aware that this is a classic book, and contains some old-fashioned language that some readers may find offensive.
