Ron Klinger : The Power of Shape (Master Bridge Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Power of Shape (Master Bridge Series):

Average players tend to focus on point count for their bidding decisions, but the expert recognises that the shape of the

hand also plays a vital role. Knowing the implications of shape will help you find the best contract more often. The book not only reveals how to use hand patterns to winning effect, but also how to incorporate the ideas of shape in your bidding system. The power of shape is not limited to the bidding. Successful play or defence is often linked to a knowledge of the pattern of the opponents' hands. The second part of this book will show you how to discover and make use of this invaluable information. Follow the recommendations in this exciting and original book and your partnership will be in great shape!

About the Author Ron Klinger is a leading international bridge teacher and has represented Australia in over 20 world championships since 1976. An Australian Grand Master and a World Bridge Federation International Master, he has written over 60 books, some of which have been translated into Bulgarian, Chinese, Danish, French, Hebrew and Icelandic. Two of his titles - Guide to Better Card Play and Right Through the Pack Again - won Book of the Year awards. He has created many new bridge ideas and devised a number of conventions. He lives in NSW, Australia, and has written a daily bridge column in The Sydney Morning Herald and The Sun-Herald for over 15 years.
