David M. Killoran : The PowerScore LSAT Logic Games Bible (Powerscore LSAT Bible) (Powerscore Test Preparation) before purchasing it in order to gage whether or not it would be worth my time, and all praised The PowerScore LSAT Logic Games Bible (Powerscore LSAT Bible) (Powerscore Test Preparation):

91 of 93 people found the following review helpful. Best on Logic GamesBy Lover of ArtIf you're going to purchase a book on logic games for the LSAT, this is the one to purchase. It's much easier to understand than Manhattan and has

better strategies. You'll get a good foundation of the basics of logic games. However, I've found when I took the actual LSAT, the games are much more advanced. So my best suggestion is to devour the information in this book as best as you can, then take a practice exam using actual LSAT exams (Pretests), then practice, practice, practice some more. Do not rely solely on this book to help you pass the logic games section. You will do yourself a disservice if you use this book as a stand alone, without continuous practice using actual LSAT exams. You can purchase 10 New Actual, Official LSAT Prep Tests exams on . Try to take a minimum of 20 pretests before your actual exam date. 0 of 0 people found the following review helpful. A toolset, not a practice book By Pete PowerScore provides a comprehensive system designed to help you attack the logic games section of the LSAT. However, reading this book is not sufficient to excel at logic games. Rather, after reading this book, students should take the skills they should learn and apply them (over and over again) to LSAT approved and non-approved logic games so you are proficient at using the tools the Logic Games Bible teaches when sitting for the LSAT. 0 of 0 people found the following review helpful. A little useful, but not worth the price By Customer Teaches you how to do the simple stuff, but it wasn't that great overall for me. This book may be useful for someone else, but personally I can't give it a rave review.

The PowerScore LSAT Logic Games Bible™ is the most comprehensive book available for the Logic Games section of the LSAT. This best-selling book will provide you with an advanced system for attacking any game that you may encounter on the LSAT. The concepts presented in the Logic Games Bible are representative of the techniques covered in PowerScore's live courses and have consistently been proven effective for thousands of students. The PowerScore Logic Games Bible features and explains a detailed methodology for solving all aspects of Logic Games, including: Recognizing game types and the proper way to represent rules The methods for making inferences efficiently and accurately Techniques for solving each question type Detailed explanations for 30 official LSAT logic games Time management strategies Extensive drills to reinforce every major concept A classification of every type of game that has appeared on the LSAT since June 1991 Access to a unique website that provides additional materials to complement the book and answer frequently asked student questions. The Analytical Reasoning problems on the LSAT are often the most intimidating; however, once you understand how to construct an appropriate setup and make the necessary inferences, the solution to each question is quickly discovered. The following Game types are covered in detail: Basic Linear Games Advanced Linear Games Grouping Games Grouping and Linear Combination Games Mapping Games Pattern Games Sequencing Games Circular Sequencing Games Numerical Distribution Games Limited Possibilities Games The Logic Games Bible can be supplemented by PowerScore's LSAT Logic Games Workbook, LSAT Logic Games Setups Encyclopedia volume 1 and 2, and LSAT Game Type Training I and II publications. The Logic Games Bible is part of PowerScore's Trilogy, the definitive yet comprehensive guide to attacking all sections of the LSAT. The Trilogy includes the PowerScore LSAT Logic Games Bible, LSAT Logical Reasoning Bible, and LSAT Reading Comprehension Bible. PowerScore offers comprehensive LSAT, GMAT, GRE, SAT, and ACT live and online preparation classes. For more information about PowerScore's publications or services, please visit PowerScore.com or contact PowerScore at (800) 545-1750.

I am writing this as an extremely satisfied consumer of your two Bibles; the Logical Reasoning Bible and the Logic Games Bible. I just got my June LSAT score back, and was pleasantly surprised to have received a 179. My initial diagnostic placed me at 153, but after working with your two books, I was able to dramatically increase my speed and accuracy in logic games and logical reasoning. Your books are easy to understand and worth their weight in gold. Thank you!!! --Michael Wang The Logic Games Bible was the single most effective tool I used to study for the games section. Everything was presented in a systematic way, which in turn helped me to think and perform in a systematic way during the actual exam. I highly recommend this book to all my friends taking the LSAT. --Prem Amarnani I'm an LSAT instructor with another national prep company. I think the Logic Games Bible is a great resource for students focused on excelling on the section. In fact, it was the buzz amongst my students that led me to purchase the Logic Games Bible for review on my own time. --Jenny Steiger I truly wish that someone had told me, before I took the LSAT, to throw out all my other useless testprep books (Kaplan and Princeton, here's looking at you) and just read the PowerScore Bibles. If someone had, I would not now be taking the test again. I noticed, for example, that certain techniques those books had taught me were leading me to complete logic games slower than I would have had I not been taught any techniques at all! Ha! Not so with the PowerScore Bible. Thanks to your book, I, a person who used to only be able to complete one logic game in the 35 minutes allotted, am now able to complete all four (and get them all right!) It's an LSAT miracle. Thank you, thank you, thank you. --Anna Kuksenkova I'm an LSAT instructor with another national prep company. I think the Logic Games Bible is a great resource for students focused on excelling on the section. In fact, it was the buzz amongst my students that led me to purchase the Logic Games Bible for review on my own time. --Jenny Steiger I truly wish that someone had told me, before I took the LSAT, to throw out all my other useless testprep books (Kaplan and Princeton, here's looking at you) and just read the PowerScore Bibles.
