Neil Kimelman : The Right Bid at the Right Time before purchasing it in order to gage whether or not it would be worth my time, and all praised The Right Bid at the Right Time:

With this book Kimelman completes the trilogy that started with Improve Your Bidding Judgment. He explores the

delicate process of making the right decisions in the auction, especially in competitive situations. All the examples are taken from high-level bridge events. As before, the book is presented in quiz format, so the reader can make his own call before the options are discussed and the author's recommendation presented.

About the Author Neil Kimelman is an expert player who has much more time for bridge since his recent retirement. This is his second book.
