Jeff Rubens : The Secrets of Winning Bridge before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Secrets of Winning Bridge:

11 of 11 people found the following review helpful. Classic and Timeless - A Must Read Book on BridgeBy CustomerJeff Rubens's ageless book is on every expert's short list of the greatest bridge books ever written and should be in every player's library. Read once, it will be remembered forever. This edition is a bargain price. His ideas about hand evaluation are treasured gems sure to raise any player's understanding and enjoyment of the game, and Ruben's advice on duplicate, Swiss Teams, partnerships and conventions are among the best in the literature.0 of 0 people found the following review helpful. Five StarsBy berie excellent didactic book0 of 1 people found the following review helpful. Five StarsBy Nicole ZhaoGood.

If you've played bridge a while and read most of the standard books, you probably consider yourself a pretty knowledgeable bridge player. This book will show you how limited your knowledge may really be. It gives more expert advice on topics most other books treat cursorily, or not at all, than you may have thought possible. Once you master this advice, you will have more insight into bridge judgment than almost 99% of all other players. The reason for this is that this book puts into print what master players have been doing at the table for years.
