Valuable resource for correspondence chess By Gildor Schandorff presents a concise and well written high-level repertoire for the black side of the Semi-Slav. He takes both grandmaster practice and correspondence games into account and adds his own analysis and suggestions for further exploration. The recommended lines are engine-tested and I have found the book to be a very valuable resource in my correspondence games.

Now Schandorff switches sides and offers a top-class Semi-Slav repertoire against 1.d4. The Semi-Slav strikes the perfect balance of ambition and soundness, which has made it popular at every level up to and including the world championship.
