Steve Jackson : The Seven Serpents (Sorcery! Vol. 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Seven Serpents (Sorcery! Vol. 3):

1 of 1 people found the following review helpful. The best role playing book I ever readBy Jason HigleyI had this series when I was a kid and loved it. I was an avid Choose Your Own Adventure reader, but I preferred the more complicated game books such as these. Of those, this was the best I ever came across. This is the best book in the series, and can be played alone as well. It also includes the sorcery spell book, so buying this volume saves you an extra purchase.
