DaBeezSo glad to find the missing numbers in this series. I try and do at least one per day, and get a panicky feeling when I go past the # 50 puzzle and think I may not find another book in time! I've had other Daily Telegraph cryptic crossword books, but this series is the best; easy to read, best layout, room on the pages to "puzzle out", and solutions are in the "completed Crossword" format rather than just typed text.0 of 0 people found the following review helpful. Almost perfect.By Maryon PierchalaLove the puzzles but the book is a little hard to use, it doesn't lay flat or stay open easily.

A fantastically fiendish compilation from Britain's best-loved paper.
