The Times Mind Games : The Times Killer Su Doku Book 10 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Times Killer Su Doku Book 10:

0 of 0 people found the following review helpful. how hard is too hard? By MayMay I'm not sure it's fair to give this book two stars because it's too hard for me, but I can say that I don't like the paper it's printed on. For me, paper texture and writing instrument are a big part of the sudoku experience, and no one ever seems to talk about the paper.

This paper is similar to newsprint, not good for pencil. As for difficulty, that's hard to gauge. Would it help to say that I don't find the Posh books challenging enough, but this one is eating my lunch? 0 of 0 people found the following review helpful. Fun for people that find normal Su Doku too easy. By K. SavageFun for people that find normal su Doku too easy. 1 of 1 people found the following review helpful. Be prepared for a real challenge. By Anthony Fitzsimmons As good as the others in the series. The last 50 puzzles in the book are a challenge, sometimes just getting started takes a lot of effort and as usual, with Sudoku one mistake and you are done. Love them!. I can't be bothered with the ordinary Sudoku puzzles now, too easy. Still solving after 10 years.

The latest volume in the hugely popular Killer Su Doku series from the puzzle suppliers to the Times, featuring the highest-quality puzzles with an extra element of arithmetic. This tenth addition to the successful Times Killer Su Doku series will test your skills to the limit, adding the challenge of arithmetic and taking Su Doku to a new and even deadlier level of difficulty. The puzzles use the same 9x9 grid as Su Doku but with an added mathematical challenge. The aim is not only to complete every row, column and cube so that it contains the digits 1-9, it is also necessary to ensure that the outlined cubes add up to the same number as well. With 150 new Moderate, Tough and Deadly Killer Su Doku puzzles, there is no chance to ease yourself in with Easy puzzles. For those who like to live dangerously and push beyond their mental comfort zone, steel yourself for The Times' next, terribly tough instalment.

About the Author Times Mind Games brings together the very best puzzles from the pages of The Times: Cryptic and General Knowledge Crosswords, Jumbo Crosswords, Codewords, all levels of Su Doku and mixed number puzzles and word-based games and quizzes.
