By Michelle Ann Pencil absolutely adore Tiny Stories. Just a few words and a small image sends the imagination soaring! Each story has a story inside of it and allows your mind to interpret it in so many ways. It feels like the book caters to my emotions. I can read it a thousand times and get something new from it each time. I challenge you to pick one story within these beautifully illustrated pages and read it in different emotional states. You'll feel the magic with each word...I promise :)

Actor Joseph Gordon-Levitt (The Dark Knight Rises, Inception, Looper, 500 Days of Summer) made a big splash with The Tiny Book of Tiny Stories now he's back with volume 2! One of the most ingenious and successful projects to come out of Gordon-Levitt's online creative coalition hitRECORD an international collaboration of artists and writers The Tiny Book of Tiny Stories: Volume 2 offers more quirky, delightfully small, ingeniously illustrated haiku-like tales, proving once more that the universe isn't made of atoms; it's made of tiny stories. The best things do come in small packages.

From the department of Perfect Hipster Stocking Stuffers . . . Buy it for your brooding-artist cousin, but then selfishly decide to keep it for yourself. (Philadelphia City Paper) Not just a coup for [hitRECORD.org] but also an object lesson in how it works. (New York Times) Told with haiku-like precision. (LA Weekly) This tiny book is a winner . . . half short story collection, half communal poem. (Flavorwire, 10 Must Reads for December 2011) Ingeniously illustrated . . . witty . . . meaningful. (Entertainment Weekly) HitRECORD.org, where tens of thousands of contributors now bring their original music, text, illustrations and footage, lets people really share their work - not in the YouTube sense of simply posting something and hoping for an enthusiastic response, but in the true spirit of collaboration. (Salon) These clever little stories - really more like illustrated haikus - often pack a wallop despite their slender length, running the gamut from funny to poignant to just plain strange. (The Hollywood Reporter) A victory for the enduring power and allure of physical, bound books. (The Millions) Gordon-Levitt has culled quirky gems for Vol. 2. A handsome hardbound book full of wit, whimsy, and a little wisdom. (Philadelphia Inquirer) A brand new collection of moving (and funny!) stories from the hitRECORD family and It Books. (Entertainment Weekly) From the Back Cover The universe is not made of atoms; it's made of tiny stories.
