year old son choose this book for himself. He uses it constantly, and brings it to bed with him to read. If you already know some basic Minecraft commands, this book brings you to the next level level. From this book, my son has learned how to make automatically generated filled and hollow boxes, change the atmosphere, create simple mini-games, and so many other things that I cannot list them all. 1 of 1 people found the following review helpful. his favorite book. He is 8 By Steven H. My son builds almost up exclusively with command blocks and red stone contraptions. This is, by far, his favorite book. He is 8, and can follow it very well. He does, however, seem to know much more about these things than his teen cousin and friends, so I suspect the book will work for a variety of ages, depending on their interest. 2 of 4 people found the following review helpful. Was helpful, wanted more projects By Megan Luff Was really good but I wanted more command block projects. It would be great if it told you how to make a command book though
