Frank Fradella : The Undersea Tarot before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Undersea Tarot:

By Kraken I love the ocean life so maybe that's why I like this deck more than most people. It does have excess "boobage" and the art is kind of sketchy. I was disappointed to see a card (8 of shells) pixelated! Looks like they blew it up and didn't mind to publish a deck with a fault! Did no one in the company bother to check the publishing for faults or did they not mind this would reflect on them? The symbolism is not as bad as some reviews claim it.

By Haxie This is a really fun deck--good clear art work, every card has a full picture on it. It's a good size, easy to shuffle. Nice blue borders around each card. Have already purchased the Pirates Tarot deck, which is the same size. They should work nicely together. I plan to do readings at parties, and have collected a number of unique decks to fit party themes. The Undersea deck and Pirate deck will be great for doing readings at ocean-related-theme parties--or when it's really hot in the summer!

By Gilthoni I love this deck!!! I am not disappointed, the art is cool, and it is an easy to use system.

Undersea Tarot navigates the fascinating world below the waves, visiting mythic places as well as real oceanic wonders. In this unique setting, legendary sea creatures and familiar deep-sea dwellers plumb tarot's hidden depths.
