David Akombo : The Unity of Music and Dance in World Cultures before purchasing it in order to gage whether or not it would be worth my time, and all praised The Unity of Music and Dance in World Cultures:

This study surveys music and dance from a global perspective, viewing them as a composite whole found in every culture. In some, music means sound and body movement, in others, dance means body movement and sound. The

author examines the complementary connection between sound and movement as an element of the human experience as old as humanity itself. Music and dance from Africa, the Americas, Asia, Europe, the Middle East and the South Pacific are discussed.

About the Author David Akombo is an associate professor of music at Jackson State University, He lives in Jackson, Mississippi.
