Vaclav Havel : The Vanek Plays (Havel Collection) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Vanek Plays (Havel Collection):

The Vanek Plays are perhaps Vaclav Havel's best-known works, and the character Vanek became a symbol for Czechoslovak dissidents during the Communist era. In the plays, Audience, Protest, and Unveiling, Vanek encounters

people trapped by the moral dilemmas inherent in a Communist system. Also included is Havel's modern sequel, the previously unpublished *Dozens of Cousins*. All translated by Jan Novak. Part of the Havel Collection, a series of new translations of the work of Vclav Havel, from Theater 61 Press.
