Kathy Phillips : The Vogue Book of Blondes before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vogue Book of Blondes:

1 of 5 people found the following review helpful. Sooo enjoyable to read... even for brunettesBy A CustomerVery complete and informative, this book deals with the history and psychology of the so called dumb blondes. The text is brilliant and the pictures outstanding. Let's enjoy the icones such as Madonna or Marilyn Monroe (Brigitte Bardot, Catherine Deneuve etc) and the advices of the international who's who of colourists.0 of 0 people found the following review helpful. the blonde mystiqueBy daynagreat book, wonderful layout and pictures, great writing. very whimsical and a great example of modern writing and interest. recommended to anyone interested in popular culture!7 of 15 people found the following review helpful. Not about real blondesBy A CustomerThis book is not about blondes; it is

about brunettes who bleach their hair. Real blondes - those who got their hair colour from their genes and not out of a bottle - will be disappointed, as there's nothing in this book that relates to them. There is a lot of interesting information about the bottle blondes like Jean Harlow, Marilyn Monroe and Madonna but real blondes are quite something different.

A beautiful, stylish celebration of the cult of the blonde "If you've only one life, live it as a blonde" are the immortal words of a Clairol ad, and they set the stage for Kathy Phillips's treatment of the world of the blonde, natural or dyed, past or present, male or female. Complete with a "Blonde Bible" and "All you need to know about being blonde"--a practical guide to blonding techniques--here are blondes of all shapes and sizes, from film stars, and rock babes, to sports heroes and catwalk queens. The Vogue Book of Blondes heralds the sex kittens of the 1930s such as Jean Harlow and Veronica Lake, peroxide pop stars including Blondie and Billy Idol, male sex symbols such as Robert Redford and Leonardo DiCaprio, and blonde icons, from Grace Kelly and Marilyn Monroe to Princess Diana and Madonna. This beautifully illustrated compendium features the work of world class photographers such as David Bailey, Mario Testino, and Herb Ritts. If it's true that blondes have more fun, then The Vogue Book of Blondes is a perfect gift for the blonde or aspiring blonde in your life.

About the Author Kathy Phillips, Health and Beauty Director of British Vogue, has unrivaled access to the fashion world's most sought-after photographers, models, hairdressers, and makeup artists. She was beauty editor of Tatler, fashion editor for the Daily Mail, and later the Mail on Sunday and You Magazine. Donatella Versace took over the world famous Versace fashion line in Milan, Italy, after the murder of her brother Gianni in 1997.
