Wish there were more books like this. Get the omnibus first, then try to get the other volumes...some of which are out of print.4 of 4 people found the following review helpful. 4th of a great seriesBy Pat N. ConfaloneEasily a superb continuation of a great series of challenging and extremely clever crossword puzzles. The handy spiral binding is great for working on each individual puzzle. You don't need a working knowledge of wall street, although the themes are often "financial". may present you with a bit of a challenge, but i was totally bored. sigh.
