David Hodgson : The Witcher 3: Wild Hunt Collector's Edition: Prima Official Game Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised The Witcher 3: Wild Hunt Collector's Edition: Prima Official Game Guide:

168 of 171 people found the following review helpful. Excellent guide in quality and content. By Josh This is an excellent guide. On both fronts, for actual use or if you just enjoying collecting them. Well made, (strong binding) great artwork, stats on just about everything. I've posted some pics as well to help give you an idea of the guide itself. I've included a couple more pics, one more of the inside (no spoilers), and what the companion book is like. 2 of 2 people found the following review helpful. Great guide! By Orlando This is an excellent guide all around. Very well made with a strong binding. Great artwork. Statistics on almost everything needed for the game itself. This thing is honestly just loaded with content in comparison to other guides. Prima did a good, thorough job on this guide unlike a lot of their other guides unfortunately. The beginning of the game is slow, but this guide will help guide you through it and get you past some of easy or difficult quests. PS Book weighs a lot lol! 1 of 1 people found the following review helpful. Wild Hunt Guide By RJ the Great Cat Lover This is a very good guide. The walkthrough is very nice and useful. There is a list of the quests in alphabetical order with page references. I find this list much better than just paging through the guide since the quests are ordered kind of weird (main quests are in time order by when you run into them, and secondary quests are in a separate section). There is a very nice listing in the back of all items that can be found in the game. The maps cover everything, and thus are sometimes confusing, as every little loot spot and other points of interest are all there. Each map also shows where all shops are in the map. However, my biggest grips, there is no separate listing of just shops and their locations. Instead, as stated, only the maps show the locations. I found the lack of a separate shop listing list to be rather hard to deal with since the maps are somewhat small and no better than the World Map to be honest (although on the world map, when shops close they are no longer shown in game). There are some notes for character progression, but mostly the skills are a list with no notes. Still ok I guess. The whole guide is beautiful and there is an art section in the very back. This is a good guide.

EXCLUSIVE! A Fractured Land: Tales of the Northern Realms - This 96-page compendium of biographical notes, lore, and exclusive marginalia art is filled to the brim with information about the important people, places, and legendary heroes within the world of The Witcher. Compiled and curated by David S. J. Hodgson and the story team at CD PROJEKT RED, this unique book can only be found packaged with this collectible, hardcover Collectors Edition strategy guide. **The World of the Witcher Art Gallery** - A vivid 32-page art section featuring concepts and designs that offer an intriguing perspective on the origins, look, and style of this ambitious game environment. **Complete Game Coverage** - At over 500 pages, this guide includes all of the content featured in the standard edition strategy guide. Complete over 250 quests, upgrade to the best gear, craft the most powerful items, and discover alternate endings! **FREE Mobile-Friendly eGuide** - Enjoy all the content from our printed strategy guide in a convenient, easy-to-use digital companion. These limited edition guides will only be printed once. When they are sold out, they will be gone forever!
