Many of these things would cost a great deal if bought separately--and here you get them all for a low, affordable price. Can't beat that!0 of 0 people found the following review helpful. this is quite a cool set that I bought as a collector of the ...By terry hartthis is quite a cool set that I bought as a collector of the movie, this set features a 64 page book on the movie, a pair of the ruby slippers pendant, a movie poster rooled up with a ribbon around it and a plate with an aisle to hold it. a great collectors item!0 of 0 people found the following review helpful. Typo but very nice kit!By Rachel C.First of all I absolutely love the Wizard of Oz but a little disappointed with the book. On page 31 of the book, there was a major typo. It says, Glinda: "The Ruby Slippers! What have you done with them? Give them back to me!" Now if I'm not having a major brain fart. Glinda the Good Witch never said that. The Wicked Witch of the West did. I don't know why it bothers me but it does. Other than that, I love the kit, very cute collectable stuff and I plan to frame the poster.

For anyone who was ever enthralled by the story of Dorothy, Toto, Scarecrow, Tin Man, and the Cowardly Lion, this is the perfect keepsake celebrating some of the most popular elements from *The Wizard of Oz*. Miniature ceramic commemorative plate with easel A Ruby Slippers pendant A 9 x 12 The Wizard of Oz poster tied with ribbon 64-page book: A 75 Years of Oz introduction is followed by a novelization of the story, illustrated with full-color photos from the movie.
