Day Dream : The Wizard of Oz Weekly and Monthly Planner (2017) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wizard of Oz Weekly and Monthly Planner (2017):

3 of 3 people found the following review helpful. More than a planner for this Wizard of Oz fanBy CustomerI bought the 2016 planner and am enjoying the use of it so much I bought the 2017 planner early to make sure I got one. The photos are great, this time with movie phrases and scenes artfully combined. Still with the convenient pocket in the front and the sturdy plastic covers front and back. I use mine for journaling, making lists, planning and tracking events and appointments, and "smashing" - which basically means glueing memorabilia to the pages. The pages are not thick so it's mostly magazine photos or small article cut-outs or ticket stubs or business cards. Stapling pieces to the dividers or the pages works well too. I can easily look back at my year to see what I did and what was important to me at the time all in one planner/ journal/ smashbook. Works as an "idea book" too for me. Helps me keep track of ideas for future trips or projects.0 of 0 people found the following review helpful. I do like it. The front and back covers aren't hard ...By MollyThis isn't quite what I was expecting, I guess I don't know what I was expecting, LOL. But, I do like

it. The front and back covers aren't hard cardboard, they are thin almost paper like cardboard, but they are covered by pages of thick clear plastic so the planner is still pretty sturdy. I do love how much space there is to write on the weekly pages, that's what I needed since I am using for school and have a lot of classwork to pencil in. I like the folder in the front, I keep sticky notes in there and a pen can fit. I do LOVE the full color movie photos, as a Wizard of Oz fan it's great. 1 of 1 people found the following review helpful. not as expected. the only pictures were only on ...By Customernot as expected. the only pictures were only on tabs. Thought it would be throughout.

Spend the year with Dorothy, Scarecrow, the Tin Man, Lion and more in this 2017 calendar.
