Pat Reddekopp : The Woman Behind the Blue Curtain before purchasing it in order to gage whether or not it would be worth my time, and all praised The Woman Behind the Blue Curtain:

Aletha was a warm hearted woman, fondly remembered by the many people touched by her encouragement, her warm smile and her sense of humor. A devoted wife, mother and grandmother, she was also viewed as a valued friend and

prayer warrior. She loved each of the young puppeteers in "God Squad", and had dedicated involvement in missions and other ministries. Her love for God and the study and teaching of His Word, her tears and victories, losses and joys, are woven into the tapestry of who she was as a person and the effect she had on others.
