It was somewhat of a quick glance through each of the games in the series plus a little insight into the spin offs and the movie without spoiling a thing. Usually with these types of books, they have everything, from start to finish. Still, it's a lovely little addition to any Layton fan's collection and may double as a list for the hardcore fans as this includes a list of several products. It's worth it.1 of 1 people found the following review helpful. Great for series fansBy Jordan KnappWonderful book for fans of the

series, featuring interviews with some of the staff at Level-5 and an in-depth look at some art for specific games. In case you haven't played every game in the series, the book does not reveal any spoilers--unfortunately, this works against the book, in my opinion, since certain characters or important elements of each game can't be discussed. Still, it's a lovely and lengthy book for hardcore fans of the professor. If you know anyone who likes Professor Layton, they'll love this book.5 of 6 people found the following review helpful. Must-have for Professor Layton fansBy AustinI ordered this book for because I enjoyed the Professor Layton games for the DS and 3DS. The book arrived on time and in excellent condition. The book covers all of the games, anime, and manga that has been released so far (Oct. 2015). My only complaint is I wish they would have put in more content about each of the main characters. Sure Layton and Luke appear in every game; but what about Emmy and Flora? That being said this book doesn't spoil the endings of the games. A must-have for any Professor Layton fan.

The Professor Layton series couples brilliant puzzle games with a fascinating story to create a riveting formula that has provided great entertainment for mystery fans and puzzle-solving gurus alike. Now you can dive even deeper into Professor Layton's universe with a fabulous tome that is sure to remind you of a puzzle! The World of Professor Layton is bursting with artwork, rough concepts, storyboards, and detailed character profiles from every Professor Layton game, as well as exclusive interviews, creator commentary, and much more!
