A must have for world travelers, explorers or adventuresome people who find themselves in unusual situations (like me)! I bought this as a gift for my psychiatrist and she loved it... of course I had to read it cover to cover before I wrapped and presented it to her!0 of 0 people found the following review helpful. Fun read. Barely useful, but you never know :)By WifeOfBathFun read. Barely useful, but you never know :)0 of 0 people found the following review helpful. and fun as everBy Tabby HoffmanI wanted to revisit this book, and after looking around, it

seemed clear this was the version to get. It's still as fascinating, browsable, and fun as ever. I'm sure it would be useful too--but I hope to never have to find out!

How could it get any worse? For the latest book in the phenomenally successful Worst-Case Scenario Survival Handbook series, the authors have pulled out all the stops, harkening back to the core appeal that made the first book a runaway bestseller. Here are all new scenarios for living life on the very edge. Imperiled readers will learn immediate, hands-on strategies for surviving an elephant stampede, a 16-car pile-up, a mine collapse, and a nuclear attack. Discover how to take a bullet, control a runaway hot air balloon, break a gorilla's grip, endure a Turkish prison, and free a limb from a beartrap. Whether stranded on an iceberg, being chased by a pack of wolves, spinning out on a motorcycle, or being buried alive, *The Worst-Case Scenario Survival Handbook: Extreme Edition* has all the right stuff for those times when everything goes wrong.
