Alexander Shulgin, Ann Shulgin : Tihkal: The Continuation before purchasing it in order to gage whether or not it would be worth my time, and all praised Tihkal: The Continuation:

1 of 1 people found the following review helpful. His Wife is still alive! By Vera R. Still reading, enjoying the read very much and look forward to completing. As I write now his wife Ann is still alive and doing some lectures around

the USA. Would love to see her!0 of 0 people found the following review helpful. The fear used to be . . .By Kris Johnson. . . that to be caught with this book could implicate the owner as a drug abuser. Now a drug user would be more indictable as an abuser were s/he to lack a working understanding of at least half of this book. Which half depends on the reader.0 of 0 people found the following review helpful. THE SHULGINS AT THEIR BESTBy William RogersTRULY AMAZING BOOK, AND VERY BRAVE PSYCHONAUTICAL EXCURSIONS ARE DESCRIBED HEREIN

Large non-fiction paperback published by Transform Press in 1997. 804 pages.

From the Inside FlapBook I: The Story Continues This is the continuation of the love story from PIHKAL: A Chemical Love Story with a blend of travel, botanical facts, scientific speculation, psychological and political commentary. Book II: The Chemistry Continues Describes in detail a wealth of tryptamines in the same format as Book II of PIHKAL, plus appendices presenting topics such as cactus alkaloids, natural beta-carbolines, current drug law, and all known tryptamines (from the literature) that might be psychedelic.
