**From Assouline : Tim Palen: Photographs from the Hunger Games (Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tim Palen: Photographs from the Hunger Games (Classics):

2 of 2 people found the following review helpful. Beautiful photography!By Kayla M. DixonThe photography in this book is absolutely fantastic. I bought this specifically for Cosplay purposes because I knew it would have a lot more detail than say a movie poster. There were so many things detailed in this book that I never noticed in the movies (Effie Trinkets eyelashes, for example.) On top of that the emotion that is portrayed in the photos really caught me off guard and I felt tears form in my own eyes as well (especially the one of Liam Helmsworth (Gale) with the tear on his cheek.) TIm Palen makes Panem feel like a place that really exists, not a fictional world. There are also additional fold out sections that were a nice addition to the general page sizes. Would recommend for any Hunger Games fan and Hunger Games cosplay enthusiasts.0 of 0 people found the following review helpful. BreathtakingBy Reads By

RoseThe photography in this book is absolutely mesmerizing. It has the power to invoke so many feelings from just looking at the pictures. The detail is amazing and unique. Tim Palen has amazing talent. Adding this album to my Hunger Games collection makes it so much more special than what it already was.0 of 0 people found the following review helpful. Worth what it costs fascinated with every single pageBy LuisMy sister is a pretty big Hunger Games fan so I purchased this for her and she was really excited when I surprised her with it. I am not usually one to spend so much on a book however, the book is absolutely worth what it costs. It has so many pages and the size of the book itself is large. We were fascinated with every single page and the book is of excellent quality. Also makes time fly by on long road trips. It did come with the corners kind of worn from shipping I assume and I really wish it included pictures from the last film to the trilogy (Mockingjay Part 2) but this book is enjoyable and filled with great quotes from the films. Very satisfied with my purchase!

In exclusive collaboration with Lionsgate, Assouline presents Tim Palen: Photographs from The Hunger Games. Compiled in one deluxe volume, Palens portraits capture each character with striking intimacy and transform the high-octane adventure of the films into exquisite visual art. Through Palens unique lens, characters become icons, immortalized as the beloved characters the world has embraced.

About the AuthorTim Palen, chief marketing officer at Lionsgate, is an award-winning fine-art photographer whose work encompasses editorial, advertising, fashion, portraiture, and video portraiture. He was named an AdWeek 2012 Brand Genius for his work on the global blockbuster The Hunger Games. Palen has also been recognized in Fast Company s 100 Most Creative People in Business and Entertainment Weekly s 50 Smartest People in Hollywood.
